JOURNALISM STAFF

Mrs. Longley — Sponsor, Billy Meazell, Tammy Smith, John Hollomon, Cara Marta, Jimmy Mascorro, John Collie, Shannon Bizzell, Randall Thornton, Becky Aills, Arthur Hagar, Julie Davis

During our senior year, our hearts have raced, our minds have dreamed, and we have had common goals and longings. We look ahead with anticipation and wonder what the world will bring.

But we also will look back to the memories. Because we are individuals, our memories are unique yet, our memories are similar because of the many experiences we have shared. Those memories will light up the corners of our lives.

We on the Tiger Staff have worked hard to prepare this annual which we designed to bring back memories of the school year.

Through the presentation of this book, we hope to give fond memories to each of you. We will always cherish the memories of our years at NHS, and we hope you will too.

With these memories we proudly present to you the

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part ... make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator — know what you want before you open the door; hot water takes energy — try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now ... you'll help make sure there will be enough for everyone when you start a family of your own.
